Dear Friends & Supporters,

We are reaching out to our supporters and friends of The Magic Makers Band. For the past seven years we have been known as “The Magic Makers Band”. In 2016, the band members decided to make some positive changes and with that decision, came the new band name and a location change. We are now *“The New Hope Band”*.

Rest assured we are still the same band, making music that we love and entertaining audiences through a number of venues. This move has created an enthusiastic atmosphere for all of us. We are planning on reaching new horizons and inspiring our audiences and friends along the way.

Our band is comprised of individuals with special needs. We range in age from 16 – 66 years. Our goal is to touch lives with music. Each member of the band has a unique ability and loves performing.

We are very excited to continue singing, performing and focusing on our strengths. It is our hope that you will continue to support our band now and in the future. Music helps us improve, inspire and develop while feeding our souls.

If you are interested in having *The New Hope Band* perform for any of your upcoming events, please contact us:
